AGRCOMM 4191	3					
	14-16		16-18			32 Hours
<b>121 Hours.</b>						

8/11/13

This 4 Year Plan is designed as a tool to assist students in mapping a path toward the degree. Be aware that this plan is subject to change due to revision of courses and changes in semester of offering. It is important that students consult with their academic advisor to understand degree requirements; to select major, minor, general education, and elective courses; and to consider factors such as prerequisite courses and course sequences in developing semester schedules.
