Bachelor of Science in Agriculture
Major: Sustainable Plant Systems
Specialization: Plant Biosciences

Plant Biosciences is a broad study of plant biology including plant form and function, diversity, reproduction, evolution, and uses of plants. This specialization is ideal for students wishing to pursue a diverse array of career pathways or pursue graduate study in the field of plant biology and related plant disciplines. Students in this major will complete a minimum of 121 hours outlined as follows.

### General Education Requirements

<table>
<thead>
<tr>
<th>Requirement</th>

### Major Electives: Select 10 credit hours from:

- HCS 2307: Sustainable Agr Exp Prac
- HCS 3320: Plant Propagation
- HCS 3420: Seed Science
- HCS 3521: Greenhouse Systems and Management
- HCS 4193: Individual Studies
- HCS 4300: Hydroponic Crop Production
- HCS 4301: Hydroponic Crop Production Lab
- HCS 4520: Medicinal Plants
- HCS 4570: Turfgrass Management
- HCS 4998, 4999, or 4999H: Undergraduate Research, Research with Distinction, or Honors Research with Distinction
- HCS 5097.01-04 & 5797.01-04: Study Abroad Pre-Departure & Study Abroad
- HCS 5100: Advanced Cropping Systems
- HCS 5200: Advanced Horticultural Systems
- HCS 5411: Domestication and Utilization of Agronomic Crops
- HCS 5412: Agroecology of Grasslands and Prairies
- HCS 5422: Biol & Mgmt. of Weeds and Invasive Plants
- HCS 5450: Vegetable Crop Production and Physiology
- HCS 5460: Fruit Crop Physiology and Production
- HCS 5602: Ecology of Agriculture
- HCS 5625: Applied Plant Biotechnology
- HCS 5825: Plant Breeding
- HCS 5887: Introduction to Experimental Design

**Credit Hours: 45-46**

---

* Students complete either a 4-credit course or two 3-credit courses in each of two General Education Theme areas: Citizenship for a Diverse & Just World (required), and the student’s choice of available GE Themes. If any major-required courses are identified as a GE Theme course, one course in each GE Theme area may double count in the GE and major hours. Theme courses are identified with a *(3)* symbol.

* Students in this program complete a group of courses called a minor equivalent. Declaring an additional minor is not required.

* Only up to 6 credits of any combination of 4193, 4998, 4999, or 4999H can count towards major electives.

* If not selected as major capstone.
### Major Supporting Coursework

<table>

</tr>
</tbody>
</table>

* Students interested in an chemistry-enriched minor curriculum should plan to take CHEM 1220 and CHEM 2510. CHEM 2310 prerequisites: CHEM 1110, 1200 (122), 1250 (125), 1620, or 1920H.
* Students interested in a Molecular Genetics enriched minor curriculum should plan to take MOLGEN 4500.
* Students interested in an advanced plant pathology (5000-level) minor curriculum should plan to take PLNTPTH 3001 and 3002.

---

### Policies and General Requirements for Degree

- A minimum of 121 total credit hours. Remedial coursework (English 1109; EDUTL 1001, 1002, 1003, 1004, 1005, 1006, 1007, 1010; Mathematics 1040, 1050, 1073, 1074, 1075) do not count toward the 121-hour minimum requirement for the BS degree.
- A minimum of 30 semester hours of credit earned through regular course enrollment at this University, and regular course enrollment in the last semester in the College of Food, Agricultural, and Environmental Sciences.
- A cumulative point-hour ratio of at least 2.0 on all coursework completed at The Ohio State University as well as at least a 2.0 in the major.
- If a major-required course or major elective is a GE Theme course, two 3-4 cr courses (no more than one per theme area) is permitted to double count in the GE and major hours. GE Theme courses are indicated with a ♦ symbol.
- Students are encouraged to participate in education abroad opportunities. Consult with your advisor for how education abroad credit applies to your degree or consider the CFAES Global Option.
- Students must complete a minimum of 40 hours in major/major supporting coursework with at least 12 hours taken from the academic unit(s) offering the major at OSU in the baccalaureate program.
- Courses required in the major (including major supporting courses and major electives) may not be taken pass/fail.
- Coursework taken as open electives may include a maximum of 4 credit hours of physical activity courses (all 1139-1197 courses), and a maximum of 4 credit hours in campus music organizations.
- A college maximum of six hours of individual studies courses (x193) can be applied toward graduation; some majors may have a lower maximum.
- Students of CFAES must complete an internship of 1-2 hours as a requirement for degree. Any additional internship credit hours may count towards major hours (consult with your advisor). A college maximum of 6 hours of internship credit can be applied toward graduation; some majors may have a lower maximum.
- A maximum of three credits of 3488 can be applied toward graduation although some majors may have a lower maximum. A cumulative point-hour ratio of 2.0 is required to register for 3488 credit.
- Credit hours for 4999 ("with Research Distinction") and 4999H ("with Honors Research Distinction") are repeatable to maximum of six hours.
- An application for degree must be submitted online at least two semesters prior to the intended graduation term. Application found at: [https://students.cfaes.osu.edu/academics/undergraduate/graduation](https://students.cfaes.osu.edu/academics/undergraduate/graduation)

---

### Policies and General Requirements for Minors/Minor Equivalent

- The minor/minor equivalent must contain a minimum of 12 credit hours distinct from the major and/or additional minors (i.e., if a minor requires more than 12 credit hours, a student is permitted to overlap those hours beyond 12 with the major or with another minor).
- A 2.00 cumulative point-hour ratio is required in the minor/minor equivalent with a minimum C- grade for any course to be listed in the minor or minor equivalent (includes transfer credit).
- For programs requiring a minor: minors should be declared by the time students complete 60 hours.
- A student is permitted to count up to 6 credit-hours of transfer and/or EM credit in the minor or minor equivalent.
- Coursework graded Pass/Non-Pass cannot count in the minor. No more than 3 credit-hours of course work graded SU may count toward the minor. Maximum of 5 credit-hours of xx93 are allowed to count in the minor.

# 4-Year Course Plan

**B.S. in Agriculture**  
**Major: Sustainable Plant Systems**  
**Specialization: Plant Biosciences**

This model plan of study is presented as a suggested path to graduate in four years. It is intended to be a useful guide; however, each student is unique and should review the Degree Requirements for their catalog year and work with their advisor to develop an individualized course plan that best fits their personal academic background and goals.

**NOTE:** This sheet should not be used in isolation. To graduate in a timely manner, students must consult their academic advisor on a regular basis.
