

## 2021 DISTINGUISHED SENIOR

“During my Early Field Experience, I helped the Extension Educators with teaching various clinics, planning and completing 4-H project judging, and helped run livestock shows, weigh-ins and sales during the Scioto County Fair.”

I gained hands on experience working with and educating youth by creating and implementing programs and lesson plans.

I volunteered with Buck-I-SERV in New Orleans and Pensacola, where I worked with local communities and OSU alumni.

Working with LiFEsports, I volunteer at sports clinics, mentored a member of the Youth Leadership Academy and worked as a Chalk talk leader.
