

## 2021 DISTINGUISHED SENIOR

My education abroad experience in Brazil has been the most valuable learning experience during my time as an undergraduate.

Interning at the Ohio Soybean Council, I was able to connect with farmers at our summer board meeting as well as the Ohio State Fair.

During my internship with Heritage Cooperative, I traveled and meet many people from across the organization.

“Despite setbacks due to COVID-19 as well as other challenges along the way, I am so glad I had the opportunity to help the Tiffin Seneca Farmers Market grow and strengthen, and it has given me a great sense of accomplishment.”
