

2021 DISTINGUISHED SENIOR

I conducted research with Dr. Kitchel and a graduate student to study inter-generational career choices among agriculture educators.

At the Ohio Farm Bureau Federation, I helped organize the Land and Living exhibit, which aimed to tell the story of Ohio agriculture to fairgoers.

During my study abroad, I toured local farms in Piracicaba, Brazil that use production practices and raise crops differently from in Ohio.

“What I learned in the Farm Credit College Scholar program workshops has been extremely applicable to my life and I continue to use what I learned to this day.”
