

2022 DISTINGUISHED SENIOR

“Leading [Agricultural Education Society] has been one of the most rewarding things I was able to do in my undergraduate career. The torch of the oldest student organization was passed on to me.”

I’m spending my final undergraduate semester student teaching in a high school agriculture classroom.

I was one of eighteen pre-service educators across the country named a National Association of Agricultural Educators National Teach Ag Ambassador.

I worked as a camp counselor for ExploreAg Camps, sharing my passion for agriculture and teaching with Ohio high school agriculture students.
