

2022 DISTINGUISHED SENIOR

I received my American FFA Degree my sophomore year and mentored high school students through National FFA's Next Gen Program.

I interned with Ohio Corn and Wheat, where I spearheaded a virtual D.C. Lobbying Fly-In event.

I served as an Ohio Statehouse Page for the majority caucus and assisted representatives in constituent relations.

“My most enjoyable AND rewarding experience has been the senior capstone class, writing the AgriNaturalist. I have gotten to know my classmates at a deeper level, and since it’s a whole year, there is a huge investment and motivation to commit to the project.”
