

2022 DISTINGUISHED SENIOR

“The College Bowl team has been a ton of fun learning trivia and getting to know more of the graduate students here at OSU. Going to the competitions, even though they were online, were really fun events and getting third at [the IFT National Competition] last year wasn’t too shabby!”

I interned at T. Marzetti Company as a Quality Assurance Analyst and gained hands on experience troubleshooting product quality issues.

I served as Treasurer and President of the OSU Food Science Club, and was a Food Science Peer Mentor.

I was a research assistant in Dr. Vodovotz’s lab, where I worked on a dough extensibility project.
