

A minor in Animal Science is for students who wish to develop an understanding about the principles of the beef, dairy, horse, poultry, sheep, and swine industries. This minor will appeal to students with interests in animal production with an emphasis on genetics, nutrition, and physiology.

<b><u>Prerequisite Courses for the minor</u></b>		<b><u>Credit Hours</u></b>
BIO	1101 or 1113 or 1113H	4
ANIMSCI	2260 or equivalent	3

The Animal Science minor consists of 15 credit hours as follows:

<b><u>Required:</u></b>			<b><u>Credit Hours</u></b>
ANIMSCI	2200.01	Introduction to Animal Sciences	3
ANIMSCI	2200.02	Introduction to Animal Sciences - Lab	1
ANIMSCI	2200.03	Animal Systems	2
ANIMSCI	3130	Principles of Animal Nutrition	3
ANIMSCI	3140 or 3160	Principles of Animal Systems Physiology or Reproductive Physiology	3
ANIMSCI	3150	Principles of Genetic Improvement	3

#### **Restrictions and General Information**

1. The minor is not available to student majoring in Animal Sciences.
2. A minor should be declared by the time a student accumulates 60 hours.
3. A minimum 2.00 cumulative point-hour ratio is required in the minor course work; and a minimum grade of a C- is required for each course used to complete the minor.
4. A student is permitted to overlap up to 6 credit hours between the GE and the minor.
5. The minor must contain a minimum of 12 credit hours distinct from the major and/or additional minors (i.e. if a minor requires more than 12 credit hours, a student is permitted to overlap those hours beyond 12 with the major or with another minor.
6. The minor must include at least 6 hours of upper-level or upper-division course work (3000 or above).
7. Course work graded Pass/Non-Pass cannot count in the minor, and no more than 3 credit hours of course work graded Satisfactory/Unsatisfactory may count toward the minor.
8. No more than 3 credit hours of xx93 may count toward the minor.
9. A student is permitted to count up to 6 total hours of transfer credit and/or credit by examination.
