

2020 DISTINGUISHED SENIOR

I completed research in rural cultural proficiency to enhance communities' connection to the world outside of their communities, despite resources.

With the Buckeye Library Leaders, I worked with inner city youth throughout Columbus as a tutor and mentor.

I led four community organizations and volunteered with 10 others, prioritizing my education with the community around me.

“In the Stadium Scholarship Program, each student had their own, unique backstory and we brought our talents together to create a supportive community, both at Ohio State and in Columbus.”
