

2020 DISTINGUISHED SENIOR

I worked at the Scioto Reserve Country Club, where I was able to explore my major professionally.

I was able to compete in two Professional Golf Management golf tournaments each academic year.

I volunteered with First Tee of Central Ohio and was able to coach younger golfers.

“The experience that gave me a great sense of accomplishment was our Professional Golf Management club five-week junior golf clinic with the First Tee of Central Ohio.”
