

CFAES

2020 DISTINGUISHED SENIOR

“My greatest sense of accomplishment was contributing to and leading the Agricultural Systems Management club to the award of CFAES Student Organization of the year.”

I interned with Legacy Farmers Cooperative and Redline Equipment, working in agronomy and technology.

I assisted research at the FABE Precision Agriculture Research Department by collecting data both in and out of season.

Serving as the president of the Agricultural Systems Management taught me great skills in navigating the university.
